

REGISTRATION FORM

I hereby register bindingly for the **RISKCYCLE** conference.

.....
Last Name

.....
First Name

.....
Academic title

.....
Position

.....
Company/ Authority

.....
Street

.....
Zip Code

.....
City

.....
Phone

.....
Fax

.....
E-Mail

The entrance for the conference is **FREE**. For expenses we charge a fee of 90 € per Person.

Additional Options:

I will attend the GALA DINNER on 8 May yes no
(35 € p.P.)

I will attend the Steamboat Tour on 9 May yes no
(20 € p.P.)

Cancellations are possible (signed and stamped) until 10 workdays before the congress and will be charged with 25% of the booked conference fee.

THE BACKGROUND OF RISKCYCLE

The consortium of **RISKCYCLE** consists of international, European and national experts and stakeholders from different programmes and organisations.

The primary aim of **RISKCYCLE** is to identify future R&D needs required to establish a risk-based assessment methodology for chemicals and additives in products that will help reduce animal testing while ensuring the development of new chemicals and product management pattern leading to minimized risks for health and the environment.

VENUE & ACCOMMODATION

We arranged room contingents in the following hotels. Please pay attention to the reservation deadlines: after the deadlines we are not able to guarantee the given room prices! Please feel free to choose the suitable accommodation for you and make the reservation yourself by using the password "RISKCYCLE".

VENUE:

art'otel
Ostra-Allee 33
Dresden D-01067
Germany

art'otel dresden (deadline: 08.04.2012)
Pullman Dresden Newa (deadline: 20.04. 2012)
Gästehäuser für die Dresdner Wissenschaft GmbH
(deadline: 14.03.2012)
NH Dresden Altmarkt (deadline: 09.04.2012)
Additional information can be found on our homepage:
www.faa-tagungen-dresden.de/en/riskcycle/accommodation

CONFERENCE OFFICE

Forum für Altlasten und Abfallwirtschaft
Pratzschwitzer Str. 15
01796 Pirna
Germany

Phone: +49 3501 530041
Fax: +49 3501 530022
Email: forum@mailbox.tu-dresden.de

8 - 9 MAY 2012
DRESDEN, GERMANY

Risk-Based Management of Chemicals and Products in a Circular Economy at a Global Scale

FINAL CONFERENCE PROGRAMME

WORKSHOP TOPICS

- ➔ Flow and emissions of additives - from production to reuse, recycling and waste for the following sectors: textiles, electronics, plastics, leather, paper and lubricants
- ➔ Fate and behaviour of chemical additives in recycling products
- ➔ Alternative toxicity testing for additives in products to reduce animal test in line with the objectives of the REACH directive
- ➔ Risk assessment methodologies and mitigation strategies for human health and environment related to additives
- ➔ Importance of additives in life cycle assessment of textiles, electronics, plastics, leather, paper and lubricants
- ➔ Bridging research needs with policy in the field of Risk-Based Management of Chemicals and Products

MANAGEMENT BOARD

- ➔ Bernd Bilitewski
Veit Grundmann
Technische Universität
Dresden, IAA
- ➔ Damiá Barcelò
Antoni Ginebreda
IDAEA-CSIC
- ➔ Joaquim Cassal
Rosa-Mari Darbra
Universitat Politècnica de
Catalunya
- ➔ Tomas Rydberg
IVL Swedish Environmental
Research Institute
- ➔ Ester Van der Voet
Universiteit Leiden
- ➔ Emilio Benfenati
Istituto di Ricerche Farma-
cologiche Mario Negri

DAY ONE – Tuesday, 8 May

OPENING SESSION // Chair: Bernd Bilitewski

9:00 am	Welcome speech // Ulrich Kraus // Sächsisches Staatsministerium für Umwelt und Landwirtschaft (SMUL)
9:15 am	Riskcycle – Aims and future impacts of the project // Bernd Bilitewski // Technische Universität Dresden (TUD)
9:45 am	Results of the UNEP Chemicals in Products project // Kevin Munn // United Nations Environmental Programme (UNEP)
10:15 am	How RISKCYCLE may influence the future research funding activities of the EU // Georges Deschamps // DG Research, European Commission (EU)
10:45 am	COFFEE BREAK

SESSION 1: Alternative Toxicity testing for Additives in products to reduce Animal test in line with Objectives of REACH Directive Chair: Emilio Benfenati (IRFMN)

11:15 am	Status of the OECD work on alternative testing (in vitro methods, new approaches) // Laurence Musset // Organisation for Economic Co-operation and Development (OECD)
11:45 am	Computer based predictive models for evaluation of properties of contaminants in waste // Nazanin Golbamaki // Istituto di Ricerche Farmacologiche Mario Negri (IRFMN)
12:05 pm	Application of ERICA (Environmental Risk Index for a Chemical Assessment) to evaluate sustainability of waste // Emilio Benfenati // Istituto di Ricerche Farmacologiche Mario Negri (IRFMN)
12:25 pm	QSAR based USEtox™ characterisation factors for assessing ecotoxicological impacts of emissions of additives from the societal stock of plastic products // Magnus Rahmberg // Swedish Environmental Research Institute (IVL)
12:45 pm	LUNCH BREAK

SESSION 2: Fate and Behaviour of Chemical Additives in Recycling Products

Chair: Damià Barceló (CSIC)

1:45 pm	Re-use of recycled materials in food contact applications in the perspective of consumer protection // Karla Pfaff // Federal Institute of Risk assessment (BfR)
2:15 pm	Fate of brominated flame retardants (BFR) during treatment of plastics from waste of electric and electronic equipment (WEEE) // Martin Schlummer // Fraunhofer Institute IVV
2:35 pm	Analysis of antioxidants in recycled plastics, before and after recycling // Momina Bibi // Swedish Environmental Research Institute (IVL)
2:55 pm	Recycled paper-paperboard for food contact materials: contaminants suspected, migration models and healthy concerns // Francesca Tiberto // University Cattolica del Sacro Cuore (UCSC)
3:15 pm	Emerging risks in recycling and waste: Perfluorinated compounds in plastic pellets and nanomaterials in contaminated soil // Damià Barceló // Chemical and Environmental Research Institute (CSIC)
3:35 pm	COFFEE BREAK

SESSION 3: Flow and Emissions of Additives – from Production to Reuse, Recycling and Waste Chair: Stefan Rydin (Nordeconsult)

4:00 pm	Sustainable paper recycling – Threats, needs and future opportunities // Johannes Kappen // Papiertechnische Stiftung (PTS)
4:30 pm	Global E-waste trade in China // Henning Tien // Hamburg University of Applied Sciences (HAW)
4:50 pm	Substance flow analysis of plastic additives in the Swedish waste management system // Jenny Westerdahl // Swedish Environmental Research Institute (IVL)
5:10 pm	Chemicals in leather – international trends on risk based control and management // Stefan Rydin // Nordeconsult Sweden AB

5:40 pm	Assessment of released heavy metals from the MS “Sea Diamond” shipwreck // Evangelos Gidaracos // Aristotle University of Thessaloniki
---------	---

8:00 pm **Gala Dinner**

DAY TWO – Wednesday, 9 May

OPENING SESSION // Chair: Ettore Capri (UCSC)

8:30 am	The role of waste management in the control of hazardous substances // Henning Friege // Stadtwerke Düsseldorf AG (AWISTA)
9:00 am	The assessment of mixtures of chemicals // Helmut Greim // Technische Universität München (TUM)

SESSION 4: Risk Assessment Methodologies and Mitigation Strategies for Human Health and Environment related to Additives Chair: Rosa Maria Barbra (UPC)

9:30 am	Short-range transport of contaminants released from e-waste recycling site in South China // Jing You // Chinese Academy of Science (CAS)
10:00 am	Can the polybrominated compounds be a hazard for the pregnant women in an environment of electronic compounds exposure? // Francesco Fábrega // Universitat Rovira I Virgili (URV)
10:20 am	Human and Environmental impact produced by the E-waste releases at Guiyu Region (China) // Nicoletta Siucu // University Cattolica del Sacro Cuore (UCSC)
10:40 am	Risk assessment of informal E-waste recycling activities // Susanne Rotter // Technische Universität Berlin (TUB)
11:00 am	COFFEE BREAK

SESSION 5: Importance of Additives in Life Cycle Assessment of Textiles, Electronics, Plastics, Leather, Paper and Lubricants Chair: Ester van der Voet (CML)

11:30 am	Stretching the cycle: evaluating the refurbishment of computers with a Multi Criteria tool applied to LCA // Claudio Fernando Mahler // Federal University of Rio de Janeiro
----------	---

11:50 pm	Life cycle assessment on printed matter (paper): Focus on additives // Henrik Fred Larsen // Danmarks Technical University (DTU)
----------	---

12:10 pm	Assessing Plastics Additives in Life Cycle Assessment // Ester van der Voet // Leiden University (CML)
----------	---

12:30 pm **LUNCH BREAK**

SESSION 6: Bridging Research Needs with Policy in the Field of Risk-Based Management of Chemicals and Products Chair: Veit Grundmann (TUD)

1:30 pm	Riskcycle and the EU-Legislation // Uwe Lahl // Technische Universität Darmstadt (TUDA)
---------	--

2:00 pm	Risk-based instruments for resource efficiency management // Alexander A. Voronov // University Saint - Petersburg
---------	---

2:20 pm	An Integrated Policy to Control Environmental and Health Risks from Chemicals and Additives in Products // Dennis Häckl // Technische Universität Dresden (TUD)
---------	--

2:40 pm	Outcomes and results of the 4 RISKCYCLE workshops // Nguyen Thi Diem Trang (HUS) // Li Rundong (ICEEE) // Claudio Fernando Mahler (UFRJ) // Col. Rakesh Johri (TERI)
---------	---

3:20 pm **COFFEE BREAK**

FINAL SESSION Chair: Bernd Bilitewski // Damià Barceló (CSIC)

3:50 pm	Research needs and outcome of the EU funded project RISKCYCLE // Veit Grundmann // Technische Universität Dresden (TUD)
---------	--

4:00 pm	Final Discussion // Future Research Needs
---------	--

7:30 pm **Steamboat Tour**
